

A toast to Danish dynamite & heritage:

# NORDIC NECTAR

COCKTAILS & SHAREFOOD

PILESTRÆDE 63, 1112 KØBENHAVN

## PLAY WELL

Have you ever seen LEGO Masters? Then I am glad you're finally getting out of the house more. If Ole Kirk Christiansen, the man behind LEGO, was here today, he'd most likely get hammered on this drink. Also, this cocktail won the best cocktail in Scandinavia in 2023, just ask Christian.

**Caramelized white chocolate rum, lacto-fermented raspberry, kombucha & raspberry vinegar**

Sweet, chocolate, funky, viscous

130,-

## NOVO NEGRONI

Paying tribute to Novo Nordisk's groundbreaking diabetes research, we salute you with a color-changing Negroni-riff that'll surely knock your magical panties right off.

**Gin, Italicus, white vermouth, Suze, saline & acid solution**

Vibrant, floral, boozy, earthy

130,-

## VIEW OF THE LAKES

Ahh, the lakes of Copenhagen. Known for stretching all the way across the city we love. Also known for housing an insane amount of trash and aggressive swans. Axel has tasted the sweet water of the lakes and he has recreated it in a cocktail.

**Cachaça, plum, watercress oil, pepper, saline & lemon**

Herbal, acidic,  
nordic, viscous

130,-

## EYES AS BIG AS TEACUPS

Legendary writer H.C. Andersen is a national treasure. What most people don't know, is that he was notoriously known for being a pain in the sack to be around. Oh well. This drink will make your eyes as big as teacups, turn you into a beautiful swan and let you dance like a ballerina fancied by a steadfast tin soldier.

**Scotch whisky, verjus, jasmine tea, elderflower, saline & angostura**

Floral, acidic,  
tangy, silky

130,-

## MEAD & MALT

Yes, you absolutely butchered that name. Anyways, the drink is named after a specific type of yeast, also known as Carlsbergensis. It was discovered by a Danish microbiologist and has been crucial to the production of lager beer ever since its discovery in late 1800's. Without this, there'd be no Carlsberg and no Tuborg. Here's to Emil Christian Hansen.

**Aquavit, forest mead, apple cider vinegar & beer**

Sweet, acidic,  
fruity, complex  
130,-

## SHISO GOOD IT'S MEZZED UP

So you like agave, but you want to level up? This is your chance. An entry level mezcal cocktail that enhances the florality of the agave spirit. Welcome to the big boys club.

**Mezcal, green shiso, falernum, Strega, Sauvignon Blanc & acid solution**

Herbal, smoky,  
stiff, floral  
130,-

## APPLE SKIN AMERICANO

Call Greta, shit's about to get sustainable. We've saved upcycled crisp Granny Smith apple skins (green apple), infused rosé vermouth with them, added some of our zero waste upcycled citrus cordial, and force-carbonated the socks off of it. An absolute banger of a cocktail.

**Vodka, zero waste cordial, Campari & apple skin infused rosé vermouth**

Bubbly, bitter,  
fresh, citrusy  
130,-

## PASSIONATE DRINKER

If you do not know this one by now, you haven't been to Gejser more than once and therefore not lived your life to its full potential. This is an OG day 1 Gejser slapper that doesn't seem to want to get off the menu, so we've stopped fighting it. Here you go, you basic white girls.

**Vodka, passionfruit, oolong, vanilla, lime & eggwhites**

Fresh, fruity,  
sweet, acidic  
130,-

# BBL (BOOZY BRAZILIAN LEMONADE)

Have you gotten a BBL? While your booty is looking fine, we're actually referring to the drink, lady. Imagine you're on the beach in Rio, 35 degrees and a sexy Rodrigo Santoro looking waiter serves you a refreshing boozy hybrid between a lemonade and a milkshake. Congratulations. If this is your drink of choice, you have won in life.

**Dark rum, condensed milk, lime leaf & saline**

Sweet, bitter,  
fruity, tropical  
130,-

# NOT A CAPRI SONNE

This is not a Capri Sonne. But it could be. I guess you'll never know. Except for the 'getting drunk' part. They wouldn't do that to kids, would they? Again, guess you'll never know. Enjoy our milk-clarified tropical take-over on your pretty little tongue.

**Rose gin, blackberry, passionfruit, pineapple, coconut water & orange blossom water**

Tropical, fruity,  
refreshing, nutty  
130,-

## FRENCH FASHIONED

Alright. We put Bibi behind the bar for a brief second. And what happened you ask? Blasphemy. And while we love Bibi very much, there's one thing that we love more, and that is pissing off the French. So, now Bibi's cocktail is on the menu, and it's ready to insult the F out of French culture. Two birds with one stone. We present our croissant old fashioned. **Croissant-infused cognac, sugar, toasted almond, angostura & saline**

Stiff, pastry,  
nutty, silky  
130,-
